

CAPITAL CAMPAIGN - \$1 Million

NEW Ronald McDonald House of Tampa Bay Room Naming Opportunities

SUMMARY

New 14-bedroom Ronald McDonald House at the All Children's Hospital Outpatient Care Center, opening February, 2010. This house will provide a lounge and living space, food preparation area, laundry services, computer room, library and sleep/nap rooms with private baths.

During the day the house will be a haven of comfort and solitude for parents and families who are watching over their sick or injured child. Families may use the private rooms during the day for rest and respite. Overnight, families may be allocated a room on a night per night basis as required when they cannot leave their child's bedside to stay at one of our two St. Petersburg Ronald McDonald Houses. This space is intended to complement but not replace those two houses.

This is a unique opportunity to create a lasting legacy for your family or company. Please consider sponsoring a room in our newest House That Love Built®.
